## Location Map Ambience Lagoon

Ambience Lagoon is located on the Border of Delhi and Gurgaon, just after the Toll Plaza while coming from IGI Airport, New Delhi. The most attractive thing about this complex is the Largest Mall called the Ambi Mall, which is walking distance and forms the part of the complex itself, The mall has all the modern brands along with PVR Cinemas & Children's Entertainment Zones, Food Plazas etc. The other advantage of the Project is the closeness to the International Airport and the Location being on the National Highway 8, one does not really have to go into the interiors of Gurgaon City. So you are away from the Huddle Bussle and yet extremely well connected.
